My dear Sir,

I understand that the amendment
wh. it is desired to introduce in Committee
in the Bill with regard to the Protestant
Minorities in Lower Canada is a
provision to the effect that such
minorities shall have the same
relative representations always
secured to them in the Federal and
the local Legislatures as now.

I conclude that this wd. be a
grave infraction of the terms agreed
to and embodied in the bill?

Believe me

Hon. J. A. Macdonald

Chamorro.
